

AUSTRALIAN INTERNATIONAL MOVIE CONVENTION THE STAR GOLD COAST

The Australian International Movie Convention (AIMC) Powered by Vista Group is the only event on the Australian film industry calendar to provide opportunities to network with local and international executives from Cinema Exhibition, Distribution, the Filmmaking Community, and Technology & Cinema Equipment Suppliers under one roof.

Attracting delegates from Australia, New Zealand, Asia, the US and Europe, the AIMC provides an invaluable opportunity to preview upcoming product from major and independent studios; learn about local and international trends from guest presenters; and network with colleagues and senior industry executives.

“

The AIMC brings together the leaders and emerging talent across the cinema industry to network and hear from studios and experts on the future content and trends in the industry. HOYTS is a proud supporter of the convention and this October we will be back at The Star on the Gold Coast for this unmissable industry event.

Damian Keogh AM

President & CEO The HOYTS Group

“

As our industry continues its journey towards past box office numbers, never has it been more important to get together at the AIMC. Whether it be learning the latest trends in seating or food and beverage or screening the latest footage from upcoming blockbusters or perhaps finding that unknown jewel in a distributor's line up, it's too important to miss.

Brett Rosengarten

CEO Independent Cinema Association

“

As we navigate the rapid evolution of our industry, the AIMC is an essential event to connect stakeholders in a constructive dialogue around the future. It is so exciting to be returning to The Star where we can truly showcase the stellar theatrical line-up for 2025 and beyond.

Mike Baard

**Managing Director Universal Pictures International
Australasia & MPDAA representative of the AIMC**

“

The AIMC facilitates the growth of the independent distribution industry, promoting Australian cinema and film trade across a broad spectrum of independent film sourced from all corners of the world.

Paul Wiegard

**CEO Madman Entertainment
& AIDA President**
